2021-2022 Coupon Book & Other Upcoming Chamber Events

It has been a long year and The Conneaut Area Chamber of Commerce is happy to finally be able to announce upcoming events and programs.

The Chamber is launching a coupon book! All Chamber members (in good standing) will be able to submit up to four (4) coupons in the book—free of charge! The coupon books will go on sale in August and be good from September 1, 2021 until August 31, 2022. We are hoping that the coupon book will help drive business to our chamber members and encourage the community to shop local. Please be watching for details.

The Chamber has also had to make the difficult decision to postpone the Annual Perch and Pilsner Festival one more year. According to Board President Douglas Fender, "This was not an easy decision for our board. Since canceling last year's festival, we had hoped we could move forward with it this year. However, after lengthy discussions, it became increasingly evident that there are too many unknown factors for us to plan and execute a successful event. We consider the Perch and Pilsner Festival to be Conneaut's signature event and as much as we would love to be able to proceed with it—our number one concern is the safety of our community and beyond." The Chamber Board is currently discussing ideas to keep the Perch and Pilsner name relevant by hosting "extend the season" events at different locations during the month of September. The Chamber will make announcements as the event planning begins to take shape.

The Chamber is also discussing plans to host "pop-up" craft fairs at different locations throughout Conneaut during the summer months. Interested crafters please call the Chamber at 440-593-2402.

**The Chamber Office will be closed on
Monday, May 31, 2021 to observe Memorial Day.**

Utility Bill Savings for Chamber Members!

We are pleased and excited to announce a new partnership with the Chamber Energy Program that will not only save our members money on electricity and natural gas but will also prevent them from falling victim to scams.

This new program is an excellent resource for local businesses and their employees to make sense of the complex energy market and empower them to make great energy choices.

Please contact the chamber at 440-593-2402 for more information or to find out if your employer is a member of the Chamber.

You can also find more information on the Chamber Energy Program by visiting chamberenergyprogram.com. This is a chamber-trusted program and it has been vetted by NOACC (Northern Ohio Area Chambers of Commerce).
